EXAMINER'S AMENDMENT

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Mr. Richard Frankeny on 2/13/07.

The application has been amended as follows:

Cancel claims 14-16.

Claims 1-13 are allowed.

The following is an examiner's statement of reasons for allowance: None of the prior art, alone or in combination, teaches the Applicant's invention of a toothbrush comprised of a toothbrush head, a toothpaste chamber and a plunger assembly wherein the only way the chamber can be filled with toothpaste is by connecting a tube of toothpaste to the chamber as claimed and imparting a vacuum to the chamber as claimed.

It is further noted that an antecedent basis for "an exposed portion of the plunger assembly" can be found on line 10 of claims 1 and 9.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably

accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
